¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Principle 2 - Structure the board to be effective and add value

The board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

The current board structure, skill and commitment is suitable for a mining exploration company. The Company undertakes comprehensive reference checks prior to appointing a director or putting a person forward as a candidate. This ensures the candidate is competent, experienced and would in no way impair their ability to undertake their duty as a director.

The Nomination and Remuneration Committee is responsible for the nomination and selection of directors. The Nomination and Remuneration Committee reviews the size and composition of the Board at least once a year

as part of the Board evaluation process. Generally, a list of potential candidates is identified based on skills required, geographic location and diversity criteria.

Principle 5 - Make timely and balanced disclosure

A listed entity should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

The Board has designated the Company Secretary as the person responsible for communication with the ASX. The Board is responsible for ensuring all Company announcements are made in a timely manner, that announcements are factual and do not omit any material information required to be disclosed under the ASX Listing Rules or Corporations Act 2001 (Cth) and that Company announcements are expressed in a clear and objective manner.

Recommendation	Adopted	Reason
Recommendation 5.1	Yes	<p>The Company has a Continuous Disclosure Policy as part of its Corporate Governance Plan, which is available on the Company's website.</p> <p>The overarching principle of this policy is governed by Listing Rule 3.1, which requires the Company to immediately notify the ASX of any information that a reasonable person would expect to have a material effect on the price or value of the Company's quoted securities, provided the information does not fall within the exception to disclosure under the ASX Listing Rules.</p>

Principle 7 - Recognise and manage risk

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

The Board has established the Audit and Risk Committee which is responsible for the risk management of the Company.

The Audit and Risk Committee is committed to the identification, assessment, and management of risk throughout the Company's activities. The level of risk processes in place to mitigate any risk and the management of any such issues are of utmost importance and are regularly reviewed.

The Board requires management to design and implement a risk management and internal compliance and control system to manage the Company's material business risks. The Company's process of risk management and internal compliance and control is focused on:

- Formulating risk management strategies;
- Identifying and measuring risks that impact upon the achievement of the Company's direction and objectives; and
- Monitoring the business environment for emerging factors and trends that affect those risks.

The Company has adopted a Charter in respect of Audit and Risks. Senior management, the Audit and Risk Committee and the Board are aware of the risks as disclosed on the Company's website and will continue to develop and implement a risk management framework.

Recommendation	Adopted	Reason
Recommendation 7.1	Partially	<p>The Board has established an Audit and Risk Committee, which, due to the size of the Board, has 2 members, both of whom are non-executive independent directors and is chaired by an independent director. The Audit and Risk Committee Charter forms part of its Corporate Governance Plan, which is available on the Company's website.</p> <p>The Company has disclosed the full details of the directors and the information regarding meeting attendance at Board and Committee members in the 2022 Annual Report.</p>
Recommendation 7.2	Yes	The Board reviews and approves the Risk Management Policy as part of the Corporate Governance Plan available on the Company's Website, at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the Board.
Recommendation 7.3	Yes	<p>The Board has not yet formed an internal audit function as it considers that this is not currently feasible given the size of the Company and the relatively small management and employee team.</p> <p>The Audit and Risk Committee reviews and monitors the parameters under which risks will be managed. Management accounts will be prepared and reviewed with the Company Secretary and presented at subsequent Board meetings. Budgets are prepared and continually compared against actual results.</p>
Recommendation 7.4	Yes	Any material exposure to environmental or social risks, and intended management of those risks, where relevant, are disclosed on the Company's website.

Principle 8 - Remunerate fairly and responsibly

A listed entity should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for security holders and with the entity's values and risk appetite.

The Company has set the non-executive's maximum aggregate remuneration at \$500,000. While there is a greater reliance on senior management for developing the business, remuneration of the managers at this stage is of greatest importance to ensure the sustainability and growth of the current business.

As the Company further increases its activity, the remuneration of the directors and senior managers will be assessed by the Nomination and Remuneration Committee and a recommendation made to the Board as a whole. The Board has adopted a Nomination and Remuneration Charter.

Recommendation	Adopted	Reason
Recommendation 8.1	Partially	<p>The Board has established a Nominations and Remuneration Committee, which, due to the size of the Board, has 2 members, both of whom are non-executive independent directors and is chaired by an independent director.
